

ADDITIONAL DIRECTIVE (V) ON LIMITATION OF DIESEL SALES IN BRUNEI DARUSSALAM

DIESEL is one of the subsidized petroleum products and its export is restricted under the Customs Order (Prohibition and Restriction on Imports and Exports) 2006.

As part of the efforts of the Government of His Majesty the Sultan and Yang Di-Pertuan of Brunei Darussalam to ensure the sales of petroleum products are continuously controlled, the Energy Department of the Prime Minister's Office hereby announces the following steps effective **Thursday, 24th May 2012:-**

- a) For every purchase of diesel shall be limited to as follows:
 - (i) Maximum B\$10.00 per day for initial tank volume of less than one-quarter or 25%; and
 - (ii) Maximum B\$5.00 per day for initial tank volume of more than 25% (1/4) but less than 50% (1/2).
- b) Sale of diesel is prohibited to vehicles with half or 50% initial tank volume.
- c) Retailers shall continue to record purchase and vehicle information from suspected profile vehicles.
